The State Coordinator,
NYSC _____ State.

Sir/Ma

APPLICATION FOR RELOCATION BASED ON SECURITY GROUNDS

I _____ with NYSC STATE CODE _____ and Call up Letter _____ hereby apply for a relocation to _____ State based on security grounds.

It is with great fear and horror that I write this piece. As the events that has been happening close to my residential apartment in the PPA I was posted to has been a rather fearful one and also a devastating one to me. Because, it was life threatening and I lost some of my properties to it.

Firstly, I was to _____ LGA of _____ State. The security condition in this Local Government area is pathetic. Cases of cultist activities and other nefarious acts of theft had been on the increase within this vicinity.

One death case was recorded last week due to activities of robbers that ransacked the entire neighborhood.

As a result, a life was slain and left in a hapless condition. Thanks to God, we were able to come out unscathed from the armed men attack with our properties exchanged for our lives.

I lost my smartphone to the robbery attack and also my laptop and my wallet containing 10,000 Naira and also my I.D Card. And it seems Corpers are also a target in this area.

As of the time of writing this post, I have reported the issue to the NYSC Secretariat and applying for a replacement for the lost I.D Card .

To make matters even worse no serious security action has been made to curb the menace that has been going on in this area of recent.

Efforts by the districts heads to utilize local vigilantes has been proven to be abortive. And since, this location is at the outskirts of the town has made the area to be a kind of neglected.

Please, Sir/MA, I would like to use this medium to request for a relocation. I would be grateful if my application is given a consideration.

Yours Faithfully,

Name:
